Navigating the Impact of Complex Illness as a Caregiver

NEW DATE: THURSDAY MAY 9TH, 2024

10 AM - NOON | ZOOM

Workshop Goals:

- Acknowledge the cognitive, physical, social & emotional challenges as a caregiver
- Explore what it means to set boundaries while navigating an illness experience
- Highlight the role of effective communication and advocacy as a caregiver

‘Caregiving for someone often means losses of identity, ritual and routine, alongside additional responsibilities and experiences of role reversal. Navigating the changes and uncertainty as a caregiver is part of the added demands of an illness experience.’
