TURKEY EARTHQUAKE

GOPA-DERD team continues to intensify efforts in the areas most affected by the earthquake in Türkiye (Turkey) and Syria.

When emergencies strike, people need help right away. First with the basics—shelter, food, clothing—and then with rebuilding. United Church partners and ecumenical relationships in over 120 countries are on the ground and able to assess what's needed.

Partners respond to those in need, and the United Church can help support their efforts. Time and time again, the people of the United Church give generously to support those affected by emergencies.

With alarming frequency and increasing duration, people around the world are facing a variety of disasters. From climate change and climate-related emergencies to health crises, from violent conflicts that forcibly displace thousands to food insecurity and loss of livelihood, catastrophes affect millions every day. The United Church is part of a worldwide network that can make a difference in the lives of those most at risk.

Please make a donation today to support our worldwide network of Mission and Service partners and their critical and lifesaving work. Global partners are among the first to respond in the hardest-hit communities, supporting them through crisis response and rebuilding. Your gift will make a difference in the lives of those most at risk by providing food, essential items such as those needed to protect against COVID-19, safe drinking water, and shelter. Further, your gift will help partners restore livelihoods and offer comfort when emergencies occur.
