### **MOVIE SCREENING OF "so the Bible tells me so" – Nov 23, 2019**

- so far have received one registration
- decided to cancel the event
- committee is very disappointed in the lack of response
- discussed different ways of engaging people in this presentation
  - could show clips of it during worship service – begin this in February
  - then plan another showing and workshop hoping more will be interested
- part of the poor response may have been the positive impact the handouts "What the Bible says – and doesn't say about Homosexuality" – people may feel they have enough information at this time
- date may also have been an issue – too close to Christmas – people very busy
- also discussed the impact of not having put a deadline for registration on the Poster

### **POLLING OF THE CONGREGATION**

- discussed an informal polling of the congregation to see where they stand on the issue
